iPods & digital cameras

Because it's your duty to make your friends mad with envy, you probably travel with a digital camera to email your pictures back home. It's why we cover such items as iPods, laptops and other valuable equipment.

Online claims

Since you will probably be away for a while, we recognise that you can't wait until you get home to make a claim, so you can do it all online from anywhere in the world, while you are still away.

Pay-as-you-go

Travel plans often change. It's why you make them in the first place, isn't it? Unlike other policies, World Nomads allows you to extend your policy indefinitely and because it's online, you can do so 24/7 from anywhere in the world.

Policy Documents

Your policy documents are permanently available online 24/7 from anywhere in the world.

Travel Security Advice

By keeping us informed of where you are now and where you are going next, we are able to provide you with relevant travel security advice by e-mail or SMS.

Contribute with footprints

It is common to receive generous and gracious hospitality from local people when travelling, so we believe that we have an obligation to give back to these communities.

When you purchase travel insurance with us you can add a small donation for a charitable project onto the price. By harnessing the power of our World Nomads community, we have raised a considerable sum since January 2005 with 100% of funds raised being distributed to our partner charities and projects.

Your travel web site

Share your stories and photos with family and friends. It's easy to follow where you've been, what you've done and the highlights of the trip.

Insurance issued by Allianz Australia Insurance Limited ABN 15 000 122 850. Benefits and limits are dependent on the plan purchased. This is general information only and does not consider your needs. You should consider the Product Disclosure Statement before making any decisions about this product.
